

Good One Table
Technical Specifications

UPDATED • 21.11.25

With signature punched cross symbol, the Good One Table is an industrial style outdoor table prized for its clean composition, industrial aesthetic, practicality and durability within outdoor contexts.

Uncomplicated, laidback and instantly recognisable as a Tait classic, Good One slides effortlessly into any social situation be it home, work or recreation.

FEATURES

- Aluminium sheet
- UV stable powder coat
- Protective rubber stacking bumper
- UV stable nylon glides
- All Good One products are stackable

The Good One story began in New Zealand as a humble café stool, initially created by industrial designer, Alastair Keating.

Developed and launched by Tait in 2011, Good One is now a cohesive series of dining tables, benches and stools renowned for its clean composition, industrial aesthetic, practicality and durability within outdoor contexts.

Featuring a signature punched-cross symbol across the collection, Good One is uncomplicated, laidback and instantly recognisable as a Tait classic.

Manufactured with powder-coated aluminium sheets that are folded in construction and customisable in a range of sizes and powder coat colours, Good One can stand alone, mix seamlessly with existing pieces, or blend with other Tait collections.

Outside or in, Good One slides effortlessly into any social situation be it home, work or recreation and is revered by architects and designers alike for its ability to speak to a range of residential and commercial contexts.

Good One can be customised in a range of sizes, with a full range of powder-coat options in UV-stable colours available through Tait showrooms and agents.

All pieces of the Good One collection can be comfortably stacked when not in use with fixing options, rubber stacking bumpers to protect powder-coat finishes and high-wear glides to protect the furniture on any surface.

As with all products made by Tait, Good One provides the assurance of genuine local manufacture using sustainable methodologies, quality craftsmanship supported with a manufacturer guarantee and product longevity.

Spanning commercial to residential and hospitality to corporate applications, each piece in this collection is designed for outdoor use, though is equally at home indoors.

See Tait's Table & Seating Guide for an indication of how many seats may fit this table.

All Tait pieces are made locally and come with a 5-year structural warranty.

Tait's original designs are protected under design registration and copyright.
