Rockpool Two Seater Curved Sofa

Tait.

Rockpool brings together elegance, durability and conscious living with a smaller-footprint approach. Organic flowing shapes are visually soft and nestle into their environment – yet are crafted to withstand challenging outdoor conditions. 'There is a softness to the forms of naturally weathered rock pools,' says industrial designer Adam Goodrum. 'The way water carves smooth, undulating shapes into stone feels welcoming and timeless.'

FEATURES

- Powdercoated Aluminium frame
- UV stable powder coat
- Optional Spotted Gum armrest
- Available in two seat heights 400mm and 480mm
- Optional Rope detailing available in five colours
- Optional outdoor furniture covers
- Nylon glides

The collection was conceived to meet the growing need for particular environments. 'The brief was to create a smaller-footprint product to Trace,' shares Founding Director Gordon Tait. With the growth of more compact, medium and high-density living, the team set out to design something that could be used on smaller balconies, courtyards and verandahs, as well as cosy interior nooks.

The resulting collection celebrates and contributes to the small-footprint movement. The 3-Seater Sofa is almost 25% smaller than the Trace Sofa, a comparable upholstered collection. And the compact Rockpool Armchair is roughly 35% smaller than it's Trace Armchair counterpart.

The Rockpool Armchair and Sofas are all available in both low (430mm) and raised (480mm) seat heights. The latter delivers a refined solution where easier entry and exit is appreciated, such as Senior Living environments. Optional timber armrests are shaped for comfort and grip – providing a warmer and wider surface for lowering and raising into the armchair, as well as for arm resting. Seat cushioning offers both comfort and firmness, striking a balance between softness and the practical needs of older users.

Mokum's 'Pahi' plain-woven fabric in an earthy colour palette complements the curved form. Its slightly uneven weave with subtle highlights provides a jewel-like richness and depth. Pahi's extensive colour range is presented in a two-tone upholstery design with a beautiful stitched seam detail adding a subtle layering effect.

Like all Tait collections, Rockpool is embedded with circular principles and designed for easy refurbishment.

All Tait pieces are made locally and come with a 10-year structural warranty.
Tait's original designs are protected under design registration and copyright.
